9. MEMBERSHIP RENEWAL & SERVICES POLICY

Each year in June, UITP will ask you to fill in a form and provide your operating cost/turnover/population/drivers (according to membership category) audited figure of the penultimate year. This information is treated in the strictest confidentiality and will not be made available to other members, it simply serves as the basis for calculation of the next year's fee, in accordance with the membership fee scale approved by the General Assembly. Should you fail to provide us with this figure, UITP reserves the right to make a reasonable estimate.

The level of the yearly membership fee qualifies the member organization to a specific service package. A full description of the packages and relative benefits is available on <http://www.uitp.org/service-packages>

In case of resignation, please note that, as per article 10 of the by-laws, written communication must be sent before 1st October in order for the resignation to take effect at the end of the same year. If no such written communication is received, an invoice will automatically be issued at the beginning of the next year and the next annual fee will be due.

Please note that membership services may be temporarily suspended if the terms and conditions indicated on the membership invoice are not respected. Such suspension does not release from the fee payment obligation.

An extract of the UITP by-laws and internal rules is provided on page 5 of this document, for any additional question about your fee or services, please feel free to contact our **Members Hotline** : +32 2 6636666.
