

**Bruno Philippe Gomart, Chief Operating Officer, MAREEX Consulting SA,
Lausanne, Switzerland**

Hired by international Engineering companies, Bruno Philippe Gomart completed his first 25 years career at Senior Executive level: General Manager of a Russian Representative Office, Executive Vice President of an American company, Vice President of a French company.

In 2002, he created his own business by offering consultancy services:

- **Training & Coach in Risks Management & Contract Management.**
As of today, Bruno has led 109 workshops and training & coach sessions in companies.
- **Margin Enablement, Defense Build-up & Margin Recovery, Learning.**

Bruno headed more than forty missions in various industry sectors (Railways, Energy, Shipbuilding, Oil & Gas, Pulp & Paper) and was Expert / Witness Expert in ICC Arbitration in Paris, High Court of London and European Office of Patents.

Since 2012, he has been Chief Operating Officer of the Swiss MAREEX Consulting, specialized in Project Margin Enablement, Protection, Improvement and Recovery.

Graduated from ECOLE CENTRALE, Lyon (MSc in Mechanical Engineering), Bruno holds an Executive MBA from HAUTES ETUDES COMMERCIALES, Paris.

Since 2004, he has been adjunct Professor in Graduate Schools of Business and has taught in seven countries (teaching Operation Risk Management, Claims & Dispute Management, Cross Cultural Management) in E-MBA, MBA, MIB & MSc programs. He is the author of « Guide du Contract Management Opérationnel » published in June 2018 by Ecole Polytechnique Fédérale de Lausanne, Switzerland.
