

GTeam Security Press Conference

Monday 8 June

14:45-15:45

Press Centre (VIP Lounge)

SECURITY BY DESIGN

This press conference will unveil G Team Security's new approach to Mass Transit, Rail, and Rolling Stock Security that is embedded in the design process of new and upgraded operations. It will highlight key considerations that are critical to cost-effective security implementations and will describe how operators around the world can now follow a methodology that results in safe and efficient system operations.
