Mariano Majan, Head of Europe Growth at Remix, San Francisco, USA

Mariano is the Head of Europe Growth at Remix, works closely with transportation authorities and operators in Europe to understand and improve their planning processes and priorities. He has a scientific background, holding a Masters degree in Mathematics and Computer Engineering and has worked in planning and scheduling transportation projects worldwide. He is passionate about improving public transportation including diverse modes: bus, rail and ferries; and has worked in projects with international companies such as LTA Singapore, Transmilenio Bogota, Keolis Amey Docklands or HSL Helsinki among others.
