

Biography Trainer

Jean-Marc Ducros, Alternative Energies director at Keolis SA, Paris, France

Mr Jean-Marc Ducros (mechanical engineer) has a good knowledge of worldwide Bus business and an expertise in new technologies (Electromobility, Autonomous vehicle, connectivity) due to most of his career spent with one of the major European bus manufacturer as Product Portfolio Strategy Manager.

End of 2017, Jean-Marc joined the Keolis Group as Alternative Energies director to manage the "energy transition" and guide Keolis's decisions and choices toward clean buses in line with business expectation.
