Lionel Valette, System Bogie Manager, ALSTOM, Le Creusot, France

Lionel has been working for the rail industry for 9 years. Based in the city of Le Creusot, Lionel works in Alstom’s Bogie Centre for Excellence. Together with his teams, he develops innovating solutions aimed at improving passenger’s comfort, including solutions that allow to improve the vertical gap between the platform and the vehicle. Lionel is graduated in mechanical engineering from National Institute of Applied Sciences (INSA) in Lyon.
