PRESS INVITATION

UITP INTERNATIONAL BUS CONFERENCE

DATE: 5-7 NOVEMBER 2014

PLACE: RIO DE JANEIRO, BRAZIL

UITP (International Association of Public Transport) warmly invites you to its International Bus Conference that will take place in Rio de Janeiro from 5-7 November.

After recent editions in Istanbul and Lyon, UITP's International Bus Conference returns to Latin America: the home of the BRT and a bus continent *par excellence*. International bus experts will convene in Rio to share their **best-in-class practices** and **examples of excellence** in **bus operations** and the **latest bus technology trends**.

The event will explore in detail new advances such as large-scale E-bus projects to electrify diesel bus lines, with case studies from both experienced existing systems and planned systems alike. Visitors can also combine their stay with a side-visit to the local Brazilian trade expo (ETRAFFIC) with Brazilian bus manufacturers, companies and IT solution providers demonstrating their latest innovations.

Find out more about the projects redefining bus transport as we know it, hear from renowned experts and discover the latest bus technologies at the **UITP International Bus Conference**.
